Claudia,

Attached are my comments. I did not send to Region 7.

Hi Gary,
Will you be able to look at this today? It's just you, me and Jim reviewing. I can look at it later today, and Jim either tonight or early tomorrow.
Thank you for your help on this!

Thanks, John! Appreciate your team's speedy work, and I'm sure my colleagues will do their best to be equally prompt.

Here ya go...early! Many thanks to the cc's, who worked so hard today to get this stuff together. As we've discussed, the public comment period closes Friday, so we will need your comments (and Jim's language) Friday morning. I'll have to show our final product to my DD and the CNSL Branch Chief before it can go to the state. As a wise woman named Fabiano once said, "Language is better than comments." Thanks in advance to you folks as well, and special thanks to Gary R. for his early contribution. If you have any questions, please get hold of me...I'll be in all day tomorrow and, of course, on Friday too.
